Exchange opportunities at ISAE-SUPAERO Engineering program

NON-DEGREE EXCHANGE

It is not possible to mix courses from different years (typically, your learning agreement can’t include courses from both the 2nd and 3rd year).

Admission to the 2\textsuperscript{nd} -year (equivalent to Master’s 1st year)
\begin{itemize}
  \item One semester (semesters 3 or 4) or Full academic year
  \item You must have completed at least 3 years (180 ECTS in Europe) of higher education in your university.
  \item Academic program available on our website (blue box, right-hand side “Catalogue d’enseignement 2A”)
  \item The 4 electives courses (Semester 4) will be chosen later during the academic year.
\end{itemize}

Admission to the 3\textsuperscript{rd} -year (equivalent to Master’s 2nd year)
\begin{itemize}
  \item One semester (semester 5) or Full academic year**
  \item You must have completed at least 4 years (240 ECTS in Europe) of higher education in your university
  \item Academic program available on our website (blue box, right-hand side “Catalogue d’enseignement 3A”)
  \item You have to choose 1 multidisciplinary field (so-called “domaine” in French) and 1 major (so-called “filière” in French). It is not possible to mix courses from different multidisciplinary fields. Nor it is allowed to mix courses from two or several majors.
  \item At the time of applying, you will be requested to select 3 fields and 3 majors (rank them by preference). The number of students per field (resp. major) is limited. The admission committee will decide which field and major you are allowed to perform or not.
  \item ** The internship (so-called the “End of Study Internship”) is scheduled at semester 6. If you want to spend the whole year (S5 and S6), you have to register for the DES Diploma [Diploma of Higher education]
\end{itemize}

NEW DES DIPLOMA

- Non degree exchange students can register for the Diploma of Higher Education (DES Diploma) proposed by ISAE-SUPAERO
- Dedicated to students from partner universities admitted to the ISAE-SUPAERO 3rd year engineering program (semesters 5 and 6)

Additional services offered to students registered to the DES Diploma:
\begin{itemize}
  \item 3 or 4-week intensive language course in August
  \item Proofreading of your resume and other benefits from our Career center
  \item Possibility to register to additional trainings (attested by a certificate) scheduled in April and May of the relevant academic year
  \item Possibility to register to a research master taught in parallel to the 3rd year curriculum
\end{itemize}

2022/2023 Tuition fees: EU students: 2 800 € / Non-EU students : 4 800 €
