Life at OzU & Istanbul

OzU’s Çekmeköy campus is a serene and peaceful university campus, away from the chaos of the metropolis of Istanbul, where you feel that you live in nature and takes pride in having Türkiye’s first LEED Gold Certificate. Situated on 220,000 m² land, our campus houses 6 faculties and 3 schools. Through our 13,000 m² Athletic Center, 2600 m² library, 350-person auditorium, modern classrooms and high-tech laboratories, and quiet and comfortable study rooms, here on OzU Çekmeköy Campus, we offer all necessary amenities and facilities to foster our students’ academic, social, athletic and cultural development.

In Istanbul, you can explore the city what was known as the capital of capital cities, having served as the axis upon which the Roman, Byzantine and Ottoman Empires revolved. With a population of over 15 million spread across two continents, it is a city that never stops evolving. Istanbul is also the financial and industrial center of the country, generating 25% of the GNP and playing a significant role in regional trade and cross-border relations. Listed 34th on the list of the world’s largest city economies and home to 35 of the world’s billionaires, Istanbul is truly the city where people come to.
